CASS COUNTY ESD 2 ANNOUNCES APPARATUS ACQUISITION

Queen City, Texas (August 2024) – Cass County ESD 2 announces the addition of a Spartan pumper to the district's 16-vehicle fleet. The new apparatus is replacing a frontline vehicle at Station 1 that has served the district for over twenty years. The previous frontline pumper has been relocated to Station 2 to be used as a support vehicle. The new apparatus was delivered from Metro Fire at the beginning of July and was immediately put into service. Financing for the acquisition was provided by Government Capital Corporation, Southlake, Texas.

"Cass County ESD 2 has partnered with Government Capital on a variety of projects since 2007," stated Eric White, Assistant Chief, Cass County ESD 2. "Gov Cap was outstanding to work with throughout this acquisition, and we're grateful for their decades of experience in Texas ESD financing."

"I want to congratulate Chief Weerts, Assistant Chief White, and Cass County ESD 2 on this vital acquisition," commented Stephanie Cates, Senior Vice President, Government Capital Corporation. "We take great pride in partnering with Texas Emergency Services Districts to support them in achieving their goals and objectives."
