

Lake Country Christian School Celebrates Campus Acquisition

Fort Worth, Texas (August 2025) – Lake Country Christian School announces the acquisition of their campus from their neighboring church. The campus includes multiple facilities the school will be able to expand and update as enrollment increases as well as land for future athletics facilities. Lake Country Christian School partnered with Government Capital to finance the acquisition utilizing a tax-exempt conduit financing structure. Additionally, the tax-exempt financing included the refunding of previous taxable obligations which reduced the school's overall interest costs.

"What truly sets Government Capital apart is their commitment to being more than just a financing provider. They are now a trusted business partner," Lisa Marie Jones, HR/Business Office Manager at Lake Country Christian School, shared. "The team's support, attention to detail, and responsiveness made a potentially overwhelming process feel smooth and manageable. We are incredibly grateful for their partnership, expertise, and dedication, and we cannot recommend Government Capital Corporation highly enough to other nonprofits looking for reliable tax-exempt financing solutions."

"I'd like to congratulate Lisa Marie Jones and the Lake Country Christian School board on their campus acquisition and tax-exempt refunding," Zac Saldi, Vice President at Governmental Capital Corporation, stated. "We are proud to partner with Texas private and parochial schools to provide tax-exempt financing options to assist them in making their goals a reality."
